VOLUME CVIII.--NO. 80. ALEXANDRIA, VA., WEDNESDAY EVENING, APRIL 3, 1907. PRICE 2 CENTS.

Are You Tired, Nervous and Sleepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are *starved* nerves. Dr. Pierce's Golden Medical Discovery *makes pure, rich blood*, and thereby the nerves are properly nourished and all the organs of the body are run as smoothly as machinery which runs in oil. In this way you feel clean, strong and strenuous—you are toned up and invigorated, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are *lasting*.

The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper *The Badge of Honesty*, in a full list of all its several ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence.

Every ingredient entering into the world-famed "Golden Medical Discovery" has the unanimous approval and endorsement of the leading medical authorities of all the several schools of practice. No other medicine sold through druggists for like purposes has any such endorsement.

The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root in all stomach, liver and bowel troubles, as indy-spepsia, biliousness, constipation, ulceration of stomach and bowels and kindred ailments, but the Golden Seal root used in its compounding is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherry-bark, Bloodroot, Mandrake root and chemically pure triple-refined glycerine.

"The Common Sense Medical Adviser," is sent free in paper covers on receipt of 21 one-cent stamps to pay the cost of mailing only. For 31 stamps the cloth-bound volume will be sent. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation, biliousness and headache.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this particular prescription—is alone directed to these weak and wasting nerve centers. It builds! It strengthens; it offers real, genuine heart help. If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

THE JAMESTOWN EXPOSITION.

[Correspondence of the Alexandria Gazette.]

Norfolk, Va., April 2.—There are more than one hundred buildings at the Jamestown Exposition, not including those of the "War Path," and they range in size from the smaller special exhibit buildings to the mammoth States exhibit palace and manufactures and liberal arts structures. The lofty columns of the Doric-Corinthian combination of architecture present an aspect of stateliness and solidity, and form a beautiful picture of a magnificent colonial city.

The buildings of the exposition proper consist of the auditorium and administration, manufactures and liberal arts, machinery and transportation, historic arts, education, mines and metallurgy, pure food, States' exhibits, palace of Commerce, agriculture and horticulture, marine appliance, power and alcohol; fire-proof historic relic building, graphic arts, arts and crafts village and numerous other special buildings and pavilions including an immense reviewing stand.

The government structures include the grand piers and their accompanying accessories, two large exhibit buildings, fisheries building Smithsonian Institution and National Museum, Army and Navy Club house, club house for enlisted men, colonial building, negro building, Panama and Porto Rico and life-saving station. The government buildings occupy a prominent position on either side of Raleigh square and overlooking the great piers and Hampton Roads.

The buildings of the several states present a great variety, many of them representative of some historic hall or home within the borders of the State erecting the structure, but the colonial idea prevails in the style of architecture. Most of the State buildings are located on Willoughby boulevard, fronting on Hampton Roads and affording the best possible points of vantage from which to view the harbor illuminations by nights and the naval pageant by day. The Virginia building is the most imposing of all the State structures, presenting a massive type of colonial architecture in all its conventional dignity. Georgia has reproduced "Bulloch Hall" the home of the mother of President Roosevelt, at Rosewall, Georgia; Maryland has reproduced the home of Charles Carroll, of Carrollton; Pennsylvania, has a replica of Independence Hall, New Jersey has a model of Washington's headquarters at Morristown, Massachusetts has a model of the old State house at Boston, Connecticut has the Colonel Talmadge home, at Litchfield; Ohio has reproduced, in cement block, a model of "Adena" the first stone house erected west of the Allegheny mountains and used as the executive mansion of Ohio for a number of years, while the capital was at Chillicothe; Kentucky has a representation of Daniel Boone's fort as it appeared at Boonesboro, over a hundred years ago. Among the other States which are represented by buildings are New York, North Dakota, Delaware, Rhode Island, Vermont, New Hampshire, West Virginia, North Carolina, Illinois, Missouri, Louisiana and others may yet erect buildings.

Among the special exhibit buildings erected by private concerns or cities may be mentioned the Virginia mineral and timber exhibit building; the "House of Welcome" erected by the city of Baltimore; Grand Trunk Railway building, Baldwin Locomotive Works building, American Locomotive Works, Travelers' Protective Association, Larkin Soap Company, Woodmen of the World, Leedy Cigar Factory, American Hydraulic Company, Palmer Concrete Works, John Deere Plow Company, Daughters of Confederacy, Columbia Woodmen, Disciples of Christ, Old Virginia Corn Mill, J. G. Wilson, Manufacturing Company, Baptists of America, the "101 Ranch," Daughters of American Revolution, Presbyterians of America and numerous others.

Every lady should have a copy of the Argo Red Salmon Cook Book. It tells you thirty-nine different ways of preparing Salmon. Ask your grocer for it.

Conductor Fined.

A case of interest and importance throughout the State was decided in the United States District Court in Richmond yesterday, when Robert Davis, a street car conductor, was fined $20 for obstructing and detaining United States mails.

The circumstances of the case are these: Wesley Jones, a colored mail carrier, who also collects mail for return to the office, boarded a car and took a seat among the white passengers. When told by Davis, the conductor, to take a seat in the negro section, Jones became abusive and was ejected.

Jones complained to the postoffice authorities and the conductor was arrested. The decision of the court would seem to indicate that the United States, in isolated cases, if not in the Supreme Court, ignores and does not uphold the jimcrow law.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

3 BOTTLES Whiskey FREE

AND

6 Full Quarts Carolina Whiskey For Only $2.95

Carolina Whiskey will give excellent satisfaction. It is a well aged article and in our estimation, far superior to the decoctions and mixtures sold by irresponsible mail order whiskey houses at $3.00 to $3.50 per gallon. We make a special price on CAROLINA WHISKEY to show that we are not afraid of any kind of competition. Our plants cover fourteen acres, making us the largest mail order whiskey house in the world.

3 SAMPLE BOTTLES FREE. Cut out this advertisement and return it with $2.95 and we will ship you by express 6 full quarts of Carolina Whiskey and we will include in same box, complimentary, a sample bottle of each, "Zulieka," "Gold Bond" and Casper's 12 Year Old White Corn.

SPECIAL NOTICE! We deliver the above express prepaid anywhere in North Carolina, Virginia and West Virginia, but customers living in other states reached by Adams or Southern Express Companies, must remit 50c, extra. Buyers east of Mississippi River residing on any other express lines must send $3.95 for the 6 quarts and 3 sample bottles and we will prepay express. Remit cash with order and address:

Young Woman Murdered.

Yesterday afternoon the lifeless body of Tillie Palmer, or Turner, a handsome eighteen-year-old girl of Atlanta, Ga., was found in an abandoned railroad cut in the side of Lookout Mountain, with her throat cut from ear to ear. The authorities are looking for Ed. Turner, said to be her husband, who went to Chattanooga from Atlanta with the woman, and who is believed to have committed the murder. Excitement was high near the scene of the killing, and had Turner been found in that section a lynching would have been the result.

The evidence adduced before the coroner's jury came largely from F. F. Reeves and J. E. Jones, both Atlanta boys, who went to Chattanooga on the same train with the couple. They stated that Turner and the girl had been married. Yesterday the four went to the foot of the mountain. Turner and the girl started to walk up the mountain and the boys returned to the city. Turner was later seen to take a car to the city. He was alone. The only cause that can be assigned for the murder is jealously.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklin's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by E. S. Leadbeater & Sons, Druggists. 25c.

WEDNESDAY EVENING, APRIL 3, 1907.

MAYOR DUNNE, assisted by Mr. William Randolph Hearst, succeeded beautifully yesterday in having himself badly beaten for re-election as Mayor of Chicago, and taking the affairs of the city from the democrats and turning them over to the republicans. The chief issue was municipal ownership and that humbug was snowed under worse than was Mr. Dunne. The American people are getting tired of this issue and in the past few years have dealt it a bad blow whenever an opportunity was offered. William Randolph Hearst went personally from New York to take part in the campaign and took with him cartoonists and editorial writers. His papers were the only publications in the city supporting Mayor Dunne, all other newspapers being for Busse and against municipal ownership. The papers favoring Busse also made much of the cry that Chicago was able to manage its own interests without receiving instruction from New York. The vote generally showed a decided reversal of public opinion on municipal ownership compared with the mayoralty campaign two years ago. At that time Dunne received 163,189 votes, against 138,671 for John M. Harlan, the republican leader. This year the republican vote was close to 165,000 and that of the democrats close to 148,000. A crank in Baltimore claiming to be a democrat, offered his services as Mayor of that city on the municipal ownership issue but the Baltimoreans very sensibly decided that they would have none of it and gave his opponent more majority than the other fellow got votes.

AN ISSUE of $50,000,000 in two per cent. bonds was announced from the Treasury yesterday to prevent any further contraction of the currency through the redemption of bonds falling due July 1. The issue is to be made for the purpose of refunding a like amount of 4 per cent. bonds due on that date, and while the intention is to prevent the retirement of bonds now outstanding, the effect is practically to issue new bonds to pay off the government's obligations. This action is taken to still further relieve the money market. In brief, to save the banks the secretary is to issue $50,000,000 in bonds, which, while not increasing the national debt, prevents the reduction of the debt as had been provided for by the deposits in the Treasury's sinking fund. But few are likely to criticise Mr. Cortelyou for his action. The retirement of government bonds unquestionably means the restriction of the currency, and a call upon the banks for so large a sum as would have been needed would have caused further trouble.

STUDENTS of history and public affairs credit President Roosevelt with more controversies in matters involving credibility than any man who has occupied the White House since the republic was created. Mr. Roosevelt has seldom hesitated to allege wilful misrepresentation of himself and as seldom hesitates to call people "liars" who make statements contrary to his wishes. If he doesn't take care he will use this epithet once too often. He presumes upon being President and acts on the principal that the President can do no wrong.

CONGRESSMAN H. T. RAINEY, of Illinois, after spending eight days in the Panama canal zone, has returned most unfavorably impressed with the management of the commissary department. A careful investigation of the commissarist would, Mr. Rainey believes, bring to light a scandal "second only to the bum meat scandal of the Spanish-American war." It seems almost impossible to keep out fraud, corruption and graft from any or all government work.

DR. WILEY, of the Agricultural Department, has made arrangements for instituting prosecutions under the new food law. He should have the backing and support of the administration in his efforts to have the provisions of the law carried out.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, April 3.

At 8:30 yesterday afternoon when the newspaper world was all agog with the excitement following President Roosevelt's reply to Harriman, a telephone message was sent from Mr. Cortelyou's office to every newspaper office in town. "The Secretary would like to have you send a man to see him at four o'clock the summons declared." And forthwith all the busy writers rushed to the Treasury Department. The Secretary's outer office was crowded with correspondents five minutes before the appointed hour. The Secretary was in his office with his private Secretary Mr. Weaver. Twelve minutes past the hour, the door was flung open. The Secretary stepped out. He bore in his hands a bunch of papers and within half a minute fifty copies had been distributed to as many nervous hands. "But what about Harriman?" cried half a dozen correspondents with deep disgust. "You may easy that the Secretary following his usual custom has nothing to say" replied Mr. Cortelyou. The papers he had handed out gave the gasping correspondents some very interesting information about the refunding of bonds.

As an aftermath of the Roosevelt-Harriman controversy, it was declared at the White House today that the real reason for Mr. Harriman's anxiety over the fate of the republican ticket in New York State in the fall of 1904 was found in his own political ambitions. Mr. Harriman had aspirations for the Senate and if he could secure the retirement of Senator Depew, he had assurances from Odell and Higgins that he would be named as his successor. "It was for this reason that he urged the President to make Depew Ambassador to Paris" said one of the President's confidants today, "and had the deal gone through he would have been elected to succeed himself as the legislature was 'fixed' by Odell for that purpose." This is not accepted by everyone, however.

Senator Carter of Montana called at the White House this morning to talk with the President about leaks in the Post Office Department. The Senator is a member of the postal commission appointed by the last Congress to investigate the business methods of the department and inject business methods into the present faulty system. "It is charged that the money order department loses $1,000 a day through fraud" said Senator Carter, "and that great sums are lost annually on second class mail matter. We have not yet been able to substantiate these charges for the department seems to be unable to give us any idea of the exact conditions. We will employ a number of expert accountants to go over the records and see if order cannot be brought out of the chaos."

Because the proprietress of a restaurant in the City Hall, under the jurisdiction of U. S. Marshal Palmer, refused to furnish lunch to a colored lawyer named Emmanuel Hewlett, the Marshal today closed the establishment.

The Richmond Chamber of Commerce today filed with the Interstate Commerce Commission a complaint against the Chesapeake and Ohio Railroad, alleging that the transportation charges on coal for steam railroads from the West Virginia coal fields to Richmond was 25 cents less than on coal for manufacturing purposes.

Philip Brown, the Secretary of the United States Legation to Guatemala and Honduras, has reported to the State Department that the bombardment of Amapala by the Nicaraguan naval forces has ceased, presumably, at his request. The Nicaraguan government seriously objected to the interference of the United States in the bombardment of Amapalpa.

An unknown colored man was killed by a railroad train near the city last night.

A MEMORABLE DAY IN RICHMOND

April 3 is the anniversary of the most memorable day in the history of Richmond. Jefferson Davis, president of the Confederacy, and his cabinet left the city for Danville on Sunday, April 2, 1865, and on Monday, April 3, the last of the Confederate troops retired across the James river. Even as they left the tobacco warehouses were being fired, and the result was the destruction of a large part of the city.

It is no doubt true that the persons who were engaged in looting the stores and factories of the city unintentionally or otherwise fired some of the houses, and the evidence taken in later years proves that the colossal damage done proceeded from fires kindled by the retreating soldiers under orders to destroy the government's stores and the tobacco warehouses and bridges. The Confederate gunboats in the river were also fired and were thus blown to pieces, making a succession of volcanic sounds which were heard for miles.

The area of the burned district include some of the bridges across the river, and nearly everything between the river and the canal from Fifteenth street to Fifth. So also most of the territory between Canal and Franklin streets from Fourteenth to Eighth was swept. Here and there buildings out of the fire district were destroyed, some from sparks, as in the case of Dr. Reid's church, which stood on the northwest corner of Franklin and Eighth streets. This church was fired by sparks blown from the Gallego Mills, and which lighted on the church steeple. The home of Gen. R. E. Lee was nearly opposite the church, and it was fired, too. But the fire was extinguished.

Most of the male population had quit the city with the retreating army, and those men who were left behind were in dread lest they would be seized as military prisoners, and some of them were. The Libby prison, which had been emptied of its inmates on Sunday afternoon—they having been put upon flag-of-truce boats and sent into the federal lines—was filled with persons arrested in Richmond, to whom the benefit of a military parole was not extended for the time being.

The city fire department then consisted of two steam fire engines (built in Richmond) and several old-fashioned hand engines. The force of men was small, but membership in it gave exemption from active military service, and by some this was considered as no small compensation.

It appears that some of the fire engines responded to the alarms, but others did not for the reason that they could not get enough men. It was rather too much to expect the average fireman to continue at his post when government had ceased and the federal troops were pouring into the city.

It is said that neither of the steam engines appeared until brought out by the federal military. Some say their horses had been seized. Horses were worth $1,000 apiece in gold that day.

The fire was checked at last, about 1 p. m. chiefly through the efforts of the military forces.

Mother and Children Burned to Death.

Passaic, N. J., April 3.—With the exception of the father the entire family, a mother and four children of Michael Salupo was wiped out today in a fire which destroyed the tenement at 21-23 Monroe street. Salupo, a barber, occupied rooms on the third floor, rear, with his family. When the fire, which had started in a printing office in the basement, first broke out the father rushed out to ascertain its seriousness. In an instant a sheet of flames had cut off his return and he was unable to reach the rooms in which his family were trapped. The charred bodies of the four children were found huddled about the mother.

News of the Day.

The brewers of St. Louis have ended negotiations with the strikers and declared for an open shop.

Emigration depleted the population of Ireland last year by 35,918 persons, being 8.2 a thousand of the population.

The St. Louis Brewery Workers unions today decided to return to work at the terms offered before the strike by the owners.

James J. Hill yesterday resigned as president of the Great Northern Railroad and was succeed by his son, L. W. Hill. Mr. Hill becomes chairman of the board of directors.

Commander Robert E. Peary, it is said, now has the $200,000 necessary for his coming expedition to the Far North, and expects to set out about the last of June.

That emotional insanity will be her plea is indicated in the petition of Mrs. Anna M. Bradley, in Washington, yesterday, charged with the murder of ex-Senator Brown, of Utah.

Secretary Cortelyou issued a circular yesterday announcing that the Treasury Department stands ready to refund $50,000,000 of the outstanding 4 per cent loan of 1907 into long-term 2 per cent bonds between now and June 30.

D. E. Cornell, republican, was elected mayor of Kansas City, Kans., yesterday over W. W. Rose, democrat, by a plurality of about 1,000. Of the 15,000 votes cast, fully one-third were the ballots of women voters, a large majority of whom voted for Cornell.

The peasant revolt in Roumania may cause the death of King Charles. His condition has grown steadily worse as the uprisings against the government have continued. The discovery of an alleged conspiracy against the dynasty has added greatly to the monarch's worry.

Capt. William Swift, who was in command of the battleship Connecticut when it grounded near Culebra, has been found guilty of inattention and neglect of duty by a court-martial and the captain has been suspended from duty for nine months and will lose three numbers.

Among the passengers on the Kaiser Wilhelm II. in New York today from Europe was Walter Wellman, who will try to reach the North Pole, starting on a balloon trip from Spitzbergen next July. Wellman said that all the details for the trip have been completed and the start for Spitzbergen will be made in May.

Burglars Monday night robbed the residence of Ross W. Whistler, and society man, of Baltimore, of jewels valued at $7,000. The gems were taken from the bed room while Mr. and Mrs. Whistler were asleep, and the loss was not discovered until next morning, when a maid found the front door open and an empty jewel case in the front hall.

Virginia News.

Reports from throughout the State are to the effect that the cold weather of the past few days has done much damage to the fruit.

Judge Mason has refused to order an election in Spottsylvania county to determine the sentiment of the people as to bonding the county for $50,000 for road improvements.

Capt. John Badger Brown, a distinguished officer of the Confederate army, who was wounded at Malvern Hill and Spottsylvania, died at his home, in Baltimore, yesterday. He was born in Duplin county, North Carolina.

City elections were held in all the cities and towns of Nebraska, except Omaha, South Omaha, and Lincoln yesterday. Probably three-quarters of the towns ignored party politics, voting only on the question of licensing saloons. The republican tickets were generally successful.

Samuel McCormick Taylor, son of the late Maj. William Taylor, died yesterday at his home at Berryville, of pneumonia, aged fifty-seven years. Mr. Taylor was one of the leading business men of Berryville. He is survived by his wife, who was Miss Fannie Moncure, of Stafford county, two sons, and four daughters.

Rev. F. Leslie Robinson, for four years rector of St. Thomas' Episcopal Church, at Middletown, Frederick county, has accepted a call to Trinity Episcopal Church, at Manassas, Va., and will assume his duties the first week in May. Mr. Robinson recently accepted a call to a church at Weston, W. Va., but secured his release in order to accept the Manassas call. He is at present the mayor of Middletown.

C. A. Sinclair, mayor of Manassas, who has been for the last two months a candidate for commonwealth's attorney of the county in opposition to J. B. Thornton, the incumbent, publicly announced his withdrawal from the contest at the court house yesterday. The impression prevailed among some of Mr. Thornton's friends that Judge Nicol was aiding the candidacy of Mr. Sinclair, who is one of the judge's most ardent supporters, and for that reason would not vote for Mr. Thornton. It is thought that Mr. Sinclair's withdrawal was for the purpose of removing the false impression referred to.

George Latham Fletcher and Theodore C. Pilcher, both of Fauquier county, have announced their candidacy for the State Senate from the Eleventh senatorial district, composed of the counties of Loudoun and Fauquier. Heretofore Loudoun county has named the senatorial candidate from the district, and Fauquier county has selected the floater member of the House of Delegates. At a recent meeting of the Fauquier county committee the plan was reversed, and Fauquier will select a State Senator to succeed B. W. Lynn, the incumbent, from Loudoun county. Major Lynn will be urged by his friends to become a candidate for floater delegate. In addition to a Senator and delegate from both counties, a member of the House of Delegates from each county will be chosen.

Earthquake Shocks.

Punta Del Cods, Island of St Michaels, April 3.—Several earthquake shocks occurred during the night, the worst disturbance being felt at Villa Franca and today the inhabitants are panic-stricken. The wealthier residents are leaving the city, while the poorer class of inhabitants are camping on the outskirts of the city Villa Franca was twice previously destroyed by volcanic eruptions.

HARRIMAN AND ROOSEVELT.

The following are the chief points in the controversy now going on between the President and Mr. Harriman, an account of which was published in yesterday's Gazette:

WHAT MR. HARRIMAN SAYS.

"My being made at all prominent in the political situation is entirely due to President Roosevelt and because of my taking an active part in the autumn of 1904, at his request, and his taking advantage of conditions then created to further his own interests. If it had been a premeditated plot it could not have been better started or carried out.

"We talked over what could be done for Depew, and finally he agreed, if found necessary, he would appoint him as Ambassador to Paris.

"With full belief that he (the President) would keep this agreement, I came back to New York, sent for Treasurer Bliss, who told me that I was their last hope, and that they had exhausted every other resource. In his presence I called up an intimate friend of Senator Depew, told him that it was necessary in order to carry New York State that $200,000 should be raised at once, and if he would subscribe $50,000.

"This amount enabled the New York State committee to continue its work, with the result that at least 50,000 votes were turned in the city of New York alone, making a difference of 100,000 votes in the general result.

"Ryan's success in all his manipulations, traction deals, tobacco combinations, manipulation of the State Trust Company into the Morton Trust Company, the Shoe and Leather Bank into the Bank of Commerce—thus covering up his tracks—has been done by the adroit mind of Elihu Root, and this present situation has been brought about by a combination of circumstances which has brought together the Ryan-Root-Roosevelt element."

WHAT MR. ROOSEVELT SAYS.

Mr. Roosevelt says: "Any such statement is a deliberate and willful untruth—by rights it should be characterized by an even shorter and more ugly word. I never requested Mr. Harriman to raise a dollar for the Presidential campaign of 1904. On the contrary, our communications as regards the campaign related exclusively to the fight being made against Mr. Higgins for Governor of New York.

"I informed him that I did not believe it would be possible for me to appoint Mr. Depew, and furthermore expressed my surprise at his saying that the men representing the big financial interests of New York wished that appointment made.

"Mr. Harriman did not have in his mind any idea of my asking him to collect money and, on the contrary, what he was concerned about in connection with my letter to him was the allusion I made to the fact that I would like to see him before I wrote my message to discuss certain government matters not connected with the campaign.

"It will be seen that the above correspondence is entirely incompatible with that Mr. Harriman now, as you inform me, alleges as to my having asked him to secure money or subscribe money for the Presidential campaign."

Senator Depew says he never knew that Harriman had asked the President to send him to France in return for a campaign contribution.

Cornelius Bliss' comment—You cannot galvanize ancient history or ancient fiction. I have nothing to say.

Judge Parker—It is safe to deny Mr. Harriman's statement because there is not a committee before whom Bliss and Cortelyou can be summoned to testify.

CONFERENCE APPOINTMENTS.

The Baltimore annual conference of the Methodist Church South adjourned at Staunton yesterday after a six-day session, to convene next spring in Roanoke.

A number of interesting reports were submitted at yesterday's sessions. They showed 57,236 church members within the conference jurisdiction; 585 Sunday-schools, with 46,297 scholars; 229 Epworth Leagues, with a membership of 9,631, and that 1,552 adults and 1,369 infants were baptized during the year.

The amount paid during the year for superannuated preachers was $16,750.

Bishop Hoss made a brief address before the appointments, among which were the following:

Preventics are little candy cold cure tablets, and Dr. Shoop, Racine, Wis., will gladly mail you samples and a book on colds free, if you will write him. The samples prove their merit. Check early. Colds with preventics and stop Pneumonia. Sold in 5c and 25c boxes by E. S. Leadbeater & Sons, druggists.

BUSSE TRIUMPHANT.

Mayor Edward F. Dunne, democratic candidate to succeed himself as the first four-year-term mayor of Chicago, and his plans for municipal ownership of the street car system yesterday went down to defeat together, the republicans scoring a sweeping victory in the election of Postmaster Fred A. Busse, their candidate for mayor, and the indorsement of the traction franchises to the existing companies and passed by the city council over Dunne's veto.

The total vote cast for mayor was 335,901, Busse's plurality being 13,121. Dunne was elected mayor two years ago by about 26,000. The election of the republican candidates for city clerk, treasurer, and drainage trustee is assured also.

The will of the voters with regard to the traction problem, which has been a political issue in Chicago for twenty years past, was expressed in a referendum provided for by the ordinances, and means that steps will be taken immediately by the republican administration to co-operate with the traction companies in a complete rehabilitation of the system. The republican plurality on the traction ordinances was 30,812.

Dunne was "knifed" by democratic aldermen and political leaders and repudiated by a large percentage of the rank and file of his party throughout the city, because of his vetoing of the traction ordinances and his stand for the "immediate" acquirement of the traction properities by condemnation proceedings under the eminent domain act.

In taking this stand the mayor ran counter to the wishes of the majority of democrats in the council, securing only twelve votes in support of his veto of the ordinances against thirty-seven in favor of their passage. Although the democratic platform declared in favor of the mayor's traction policy, the result of the election shows that the voters of the party repudiated the platform, as well as the mayoralty candidate.

The returns indicate that the support given Dunne by the Hearst papers, under the personal supervision of Hearst himself, availed the democratic candidate nothing, if it did not actually alienate the conservative element of the party from him.

All elements of the republican party unite in support of Busse, and all the newspapers of the city, with the exception of the Hearst papers, supporting his candidacy for mayor.

THE BALTIMORE PRIMARIES.

E. Clay Timanus and J. Barry Mahool, the organization candidates, respectively, of the republican and democratic parties for the mayoralty, won out easily in the primaries in Baltimore yesterday. The municipal election will be held May 7.

Bitter fights were made against the organization candidates in both parties. Interest in the democratic contest centered in the fight made by George Stewart Brown, a champion of municipal ownership and short-term franchise and municipal supervision of the street railways and other public utilities. J. Charles Linthicum was the third democratic candidate. Brown was overwhelmingly defeated, however, polling 9,316 votes to 23,904 for Mahool and 7,318 for Linthicum. The result was a surprise even to the democratic managers. It had been feared that the death, a few weeks ago, of Freeman Rasin, for forty years head of the city organization, might cause a disintegration, but the results show that the new leaders have maintained complete control.

Mayor Timanus, the republican candidate, was vigorously opposed by Congressman Frank Wachter, who claimed that he was elected mayor four years ago over Robert McLane, democrat, who committed suicide, and was succeeded by Timanus, the republican president of the second branch city council. Timanus carried eighteen of the twenty-four wards, including even Wachter's own ward and precinct.

The results would indicate that E. Clay Timanus, republican, will be re-elected mayor of Baltimore. As the voters in the primaries must support the party candidate, and Timanus receiving 35,000 votes and Mahool 23,000, Timanus, the republican candidate, should be the victor in the general election. Timanus had the backing of the regular republican organization. He also got half of the independent element, and the business and financial interests of the city backed him.

Even the most optimistic democrats did not anticipate that Mr. Mahool would lead his two opponents by such a large majority as 729. In fact his majority is larger than the vote polled by Mr. Linthicum.

Fire in a Tunnel.

New York, April 3.—Six hundred men employed in the McAdoo tunnel were trapped under ground today when fire stopped the three electric engines which feed compressed air into the caissons where the men work. In the hurry to get to the surface many of the men came out of the tubes without making the proper stops to get accustomed to the change from breathing the compressed air to free air, and as a consequence were doubled up with "bends." It is feared several will die as a result of their experience. The fire started in an oil room adjoining the engine room from some mysterious cause. The engineers were driven out of the next room. They left the engines running and thus kept up the supply of compressed air until the flames stopped the engines. Otherwise every man in the caissons would have died. Many fell unconscious passing from one compartment to another. Several are in such serious condition there is little hope for their recovery. With the stopping of the engines water poured into the caissons and a heavy loss was caused.

MARRIED.

Today's Telegraphic News

Death of Rev. Dr. Whitehead.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., April 3.—Rev. Dr. Paul Whitehead died in St. Luke's Hospital at 7 o'clock this morning. The body was taken to Charlottesville at two o'clock where it will lie in state in the chapel of the University until 2 o'clock tomorrow, the hour of the funeral. Dr. Whitehead was secretary of the Virginia Conference forty-six years and was 76 years old.

The Thaw Case.

New York, April 3.—A private examination of Harry Thaw today by the lunacy commission during which he will be subjected to physical tests by Dr. Leopold Putzel, the alienist member of the board, will finally determine the question of his present sanity. This examination, it is expected, will be completed today, and the report which will either mean the continuance of the trial or the sending of Thaw to Matteawan will be made tomorrow. With the presentation of contradictory evidence of the opposing experts yesterday, the commissioners declined to put Thaw to this final test. The examination will be conducted in another room of the criminal courts building before Dr. Putzel, Chairman McClure and Commissioner Olney with no one but a stenographer in attendance. Dr. Putzel will conduct the physical examination.

While Thaw has dreaded a physical examination, he agreed to it when he understood the private examination was regarded as necessary by the commissioners. He even forbade Attorney Hartridge opposing it, pulling the lawyer into his seat when he rose to object when the suggestion was made.

Thaw will be quizzed regarding the slaying of Stanford White. District Attorney Jerome has insisted that on this point the defendant is still insane and he brought out from Thaw's experts that they had not tried to talk with him about the killing. Thaw has been warned by his lawyers that if he is questioned on this subject, he must not allow himself to become excited, if he hopes to pass muster.

Before the private examination of Thaw, the lunacy board will complete the hearing of further witnesses.

Jerome said last night he would put on Dr. Diefenderf, who could not be present yesterday, and the defense expected to call Dr. Charles H. Wagner, another of its star alienists.

There was a big assemblage of alienists on hand when the Thaw lunacy commission resumed their hearing today in the trial room.

Dr. William A. White, Superintendent of the Government Insane Asylum, at Washington; Dr. Allan Ross Diefenderf, one of Jerome's experts, and Dr. Charles H. Wagner, of Binghamton, were three alienists still to be examined.

Thaw came into the trial room early and took his seat. He was looking well and did not appear worried at the prospect of facing the lunacy board alone later in the day.

Dr. Diefenderf was the first witness called. Jerome led him over the same ground traversed by the other experts for the State yesterday.

He said in his opinion Thaw is not capable of understanding the proceedings against him or to advise his counsels. His impression of Thaw's suggestion to Delmas was that they indicate a mind which was not sound. "I believe this defendant," he said, "at the time of the killing of White, was suffering from delusions, which gave a motive for the crime. As long as these delusions are maintained he cannot advise with his counsel rationally. I base my opinion on the fact that he had delusions and that they are still maintained."

At 12:15 o'clock the lunacy commission went into executive session for the purpose of examining Thaw privately. The commissioners declared that they had had sufficient expert testimony without listening to the testimony of Dr. Charles A. White, of Washington.

After the commission had been in session some little time Lawyer Hartridge was sent for. What the purpose of this move was nobody seems able to explain.

Statement from Judge Parker.

Albany, N. Y., April 3.—Judge Alton B. Parker, democratic candidate for President in 1904, who made charges that the trust[illegible] corporations had been forced to [illegible]te to the republican campaign [illegible] contributed the following statem[illegible]e Roosevelt-Harriman contro[illegible]o the subject of whether Harriman [illegible]as asked to raise money for Roosevelt's re-election.

"That $150,000 was turned over by the Equitable, Mutual, and New York Life Insurance Companies to Mr. Cortelyou's committee has never been denied, of course. It was testified to under oath before a body which could have summoned Mr. Bliss and Mr. Cortelyou to the witness stand if it had been denied. It is safe to deny Mr. Harriman's statement because there is not a committee before whom Mr. Bliss and Mr. Cortelyou and others can be summoned and compelled to testify. Congress has refused to make an investigation of the corporate contributions of 1904 or to pass a law prohibiting corporate contributions.

"The money raised by Mr. Harriman and contributed by the life insurance companies aggregating $350,000 was but a drop in the bucket compared with the total contributions by railroads and other great corporations."

Judge Parker urges prohibition of corporate contributions and adds: "It will help to solve that problem rightly to learn that governmental power in the past has been used for political purposes to raise money to continue an existing administration. The proof that it has been so used will make it perfectly clear to every mind that it can be used again; aye, that it will continue to be used so long as politics and business can be made mutually helpful to each other."

Destructive Fire.

San Francisco, April 3.—One-third of the $7,000,000 plant of the San Francisco Gas and Electric Company was destroyed by fire today, entailing a loss of $2,500,000. It was located in the new business section of the city.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by E. S. Leadbeater & Sons, druggists. 50c.

Conditions in Cuba.

Havana, April 3.—There is a growing belief among Cubans and foreigners here that Secretary of War Taft on his visit next week will announce the date for holding elections in Cuba.

Politicians, business men, and foreigners who have financial interests here are confident Taft will announce President Roosevelt's plans for Cuba. As they fear Cuba's business interests will suffer greatly if the republic is re-established, they are hoping Taft will state that Cuba must stand further probation before the provisional government is withdrawn.

Great preparations are being made to receive the Taft party which is due to arrive on Sunday. An effort will then be made to make Secretary Taft see the situation as it appears to leading Cubans, so that he can lay the matter before the President in proper light if he has not already made up his mind as to his future course toward Cuba.

There are indications of trouble between liberals and the American troops in the reported efforts to organize a new revolution. Sixteen armed negroes were captured by rurales this week. One of them declared they had been armed by Gen. Loynaz del Castillo, who figured prominently in the revolution that overthrew Palma, and that they had been instructed to kill American soldiers in that vicinity. Some of the newspapers have tried to make a sensation out of the affair, but little attention is paid to it by the authorities.

The Chicago Election.

Chicago, April 3.—By a plurality of 13,106 Fred A. Busse, republican, was elected Mayor of Chicago Tuesday, over Edward F. Dunne, democrat. John F. Traeger, democrat, was elected City Treasurer by a plurality of 7,983. All other republican candidates were successful.

The traction ordinance, upon adoption or rejection of which the principal issue rested, was carried by a vote of 165,846 to 132,720, or a majority of 33,126.

The democrats retain control of the city council, having a majority of two. Mr. Busse's election as Mayor makes it necessary for him to resign the postmastership at once. It was announced that President Roosevelt would select James Pease, of Lake View, former Sheriff, in that place.

Automatically the ordinance providing for a new and up-to-date street car system in Chicago is in effect. No time will be lost in putting into effect the rehalitation of the street car service contemplated.

Prince William Court.

The April term of the Circuit Court of Prince William commenced at Manassas on Monday with Judge Barley presiding,

A large crowd was in attendance, partly through curiosity to see the new circuit judge, but mainly to be on hand when the oratory was begun by the four congressional candidates advertised to be present and to witness conflicting arguments upon which each one of them expected to be sent to the halls of Congress by the approaching democratic primary and election.

Judge C. E. Nicol was the first speaker. His address was frequently applauded. He was followed by E. Lindsay Gordon, of Louisa, who made a favorable impression.

Judge Nicol took issue with Mr. Gordon for his action in the proclaiming of the new constitution, taking the ground that the same should, in plain justice to the voters of the State, have been submitted to them for their approval or disapproval

Mr. Gordon justified his action not only by the instructions he received from his county constituency, but for the purpose of the disfranchising clause that would purge the registration books of his county from the large negro vote that had been the means of subjecting the white voters of the county to the humiliation of having a negro representative in the legislature.

Mr. Carlin, of Alexandria, and Mr. Ryan, of Loudoun, were busy in conversation with old friends and making the acquaintance of new ones, but failed to deliver the addresses which were expected of them.

Mr. Gordon jocularly reminded his hearers that his object in coming to Prince William county was not to win their votes from their countyman, who in his public capacity had so often served them so efficiently and acceptably, but it was his opinion that the congressional race would soon narrow down to two candidates, and if the voters of Prince William should find that they could not get their first choice he would thank them to [illegible] their second upon the Orange candidate of Louisa.

Birthday Party.

The residence of Mr. and Mrs. Thomas D. Downey, 815 Franklin street, was the scene of a brilliant gathering last evening, the occasion being the celebration of the eighteenth birthday of their daughter, Miss Mary C. Downey. The house was prettily decorated with palms and cut flowers for the occasion. A large number of guests were present, including several from Washington. An interesting musical and literary programme was rendered during the evening, after which the guests repaired to the dining-room where refreshments were served. The dining-room was tastefully decorated with cut flowers of all descriptions, and Japanese lanterns and miniature flags added to the splendor of the scene. During the festivities the hostess was presented with a gold watch, the gift of her father. Miss Downey was the recipient of numerous other presents. At an early hour this morning the guests departed after having spent a most enjoyable evening.

Kindergarten.

The monthly meeting of the Alexandria Free Kindergarten Association was held yesterday afternoon. The Kindergarteners' report showed the school flourishing and increased attendance. Wayer Board Steamers.

A termendous wave which, the captain believes, resulted from an earthquake under the bed of the ocean was encountered about 300 miles off the Atlantic coast of South America on February 25 by the steamer Planet Neptune. The steamer arrived at New York yesterday from the west coast of South America. She had had pleasant weather on the long voyage around the Horn and was steaming slowly off the Brazilian coast when the big wave bore down upon her.

The great mass of water struck the steamer with such force that she was brought almost to a dead stop. Then the flood broke over her, filling the decks level with the rails. The man on lookout was swept from his feet by the rush of water, but managed to grasp a rail and save himself from being carried into the sea. He was found dazed, half drowned and with a broken hand when the decks cleared.

During the few moments when the Neptune was struggling with the great wave the sea in all directions was covered with foam, and the water whirled and dashed in all directions. Captain Timmis said that the conditions were very similar to those observed at Iquique in December, when there were several earthquake shocks while the steamer was lying in the harbor.

No Government Contracts.

Charles M. Schwab, president of the Bethlehem Steel Corporation, announced after the annual meeting of the company in Newark yesterday that the company would take no more shipbuilding contracts from the national government.

The company owns the Union Iron Works, of San Francisco, which built the Oregon, and has three war ships under construction at present; the Crescent Shipyard Corporation, Samuel L. Moore & Sons' Corporation, Elizabethport, N. J.; the Eastern Shipbuilding Company, New London, Conn.; Harlan & Hollingsworth Corporation, Wilmington, and the Carteret Improvement Company, Carteret, N. J. The facilities of all these subsidiaries, Mr. Schwab said, would henceforth be utilized for the making of merchant vessels exclusively.

"I never knew any one to make any money out of battleship construction," said Mr. Schwab, "and the Bethlehem Steel Corporation will never build another ship for the government. From the time of the origin of the company it has been the shipbuilding business rather than steel business proper that has proved very unprofitable. We have conclusive evidence of this, for we have charged off altogether $8,000,000 loss from the shipbuilding companies. In the construction of the three ships now building at the Union Iron Works alone we have, in the past year, charged off $1,725,000."

Endeavoring to Prevent a Strike.

Chicago, April 3.—A hasty summons for the railroad labor chiefs was sent to the union headquarters at the Seaman House at four o'clock this morning. Immediately a council of 192 members of the strike committee of 49,400 employes of the Western Railways was held and another summons issued for United States Labor Commissioner Neill and Chairman Knapp, of the Interstate Commerce Commission, who had expressed a desire to appear before the men before any final action was taken for a strike. The commissioners responded at once and this afternoon will use their most persuasive eloquence to prevent a strike. It is believed a crisis will be reached in the situation before night. Unless the managers or unions recede from their position before that time it is expected negotiations will end.

Opium Den Raided.

New York, April 3.—In a raid early today on an alleged opium den in the upper East Side, eight men and three women were locked up by the police.

One of the women was expensively dressed and wore valuable jewels. She declared to the police she was only slumming. A well dressed man who said he was Ralph C. Smith, a contractor, living in the Bronx, finally acknowledged the woman was his wife. He, too, begged that they be released, saying they had visited the place on a slumming tour. All were taken to a police station, however, and locked up until arraigned in Harlem court on a charge of disorderly conduct.

Teamster's Strike.

Boston, April 3.—The teamsters' strike began at six o'clock this morning and at eight not a wheel had moved at the stables of the seven trucking firms concerned. Although the strike involves but 400 men it may assume larger proportions if the demands of the union are not allowed. The men demand one dollar more pay a week and shorter hours. The employing teamsters have declared for the open shop and say they will fill the strikers' places with non-union men.

New York Stock Market.

New York, April 3.—The stock market was under pressure both in London and here. The immediate effective trading factor was the disagreeable sentiment created by the dispute between President Roosevelt and E. H. Harriman, and those committed to the bear side assumed that the case of this dispute increased importance will be attached to the resumption of the Interstate Commerce Commission session tomorrow in Washington when the counsel commences summing up.

Deaths and Funerals.

James, the seven-year-old son of Mr. M. L. Risheill, died at his parent's residence, No. 211 north Columbus street, this morning.

Mr. S. S. Mills died last night at his home near Sharon, Fairfax county. The deceased was seventy years of age, he was a federal soldier during the civil war and his remains will be interred in the national cemetery at this place.

The remains of Walter Scott Griffith, who died Monday night at his home in Fairfax county, were forwarded to his former home at Hagerstown, Md., for interment by Mr. B. Wheatley.

The remains of J. Lewis Spinks, who was fatally injured by a railway train near the new union station last Saturday afternoon, were sent to Vienna, Fairfax county, yesterday afternoon for interment by Demaine & Son.

Coroner's Inquest.

Dr. S. T. Ashton, County Coroner, yesterday held an inquest into the circumstances in connection with the killing of Ella Mitchell, an aged colored woman, whowas struck by a Southern Railwaytrain. The jury returned a verdict "that the deceased came to her death by being struck by a south bound Southern Railway train near St. Asaph on April 1."

The Fishery.

Fishtown is gradually awakening into life. Some fish has arrived during the past few days, but not enough as yet to fix proper quotations. There was a small mound of offal on the wharf this morning, an indication of the beginning of operations. Shad were selling in market today at 60 cents for roe and 35 cents for buck. Herring sold at 25 cents a dozen.

[illegible] of the driving wheels gave way, for [illegible] the machine collapsed. The [illegible] were called out, and [illegible] worked from 8 o'clock to shortly [illegible] before they succeeded in dragging the helpless engine to the roundhouse. All of the local trains on the Southern were held up and several of the through trains until the track was cleared. Five of the fast express trains were sent out on schedule time, using the incoming track on the bridge to make their way to the main lines. At 10:30 o'clock, however, all the outgoing and incoming trains were running on schedule time.

Mr. Jar[illegible]as, jr., now of City Tre[illegible] office, has been appointed clerk in the Citizens' National Bank.

The New Electric Works.

The duplicate machinery for the Alexandria Electric Company has reached this city from Pennsylvania, and will be placed in position as soon as possible. When this shall have been done the company will be in a position to meet all demands which may in future be made for electricity for power or illuminating purposes.

The Midgets Case.

The counsel for George Midgets, colored, who is under sentence to be hanged here May 24 for the murder of Charles T. Smith, have not as yet taken any further steps in behalf of the condemned man. It is probable, however, that efforts will be made to have Midgets' case taken to the Court of Appeals.

Prelates to Confer.

A distinguished group of Roman Catholic prelates will gather in Washington next week for the joint purpose of holding the annual meeting of the hierarchy and assisting at the semi-annual conference of the directors of the Catholic University. The directors will hold their session Tuesday and Wednesday, and the meeting of the metropolitans will be Thursday, while the various committees into which the work has been divided will give their attention to matters in their jurisdiction Friday and Saturday. All the conferences will be held in the senate room of the Catholic University.

The French question will be discussed by the archbishops, and it is more than likely that the heirarchy as a body will take action supporting the papal government in its attitude toward the French republic and extending sympathy to the hierarchy of France. The archbishops have confined their councils strictly to subjects put before them by the suffragan bishops of their archdiocese. If they make this departure, and send resolutions to Rome and to France, it will mark the entrance of the American hierarchy into the domain of international politics.

The question of the Peter's pence will also be a subject of consideration. This would mean to increase the amount from its present status of about $300,000 annually to $1,000,000, and two collections annually in every parish are to be recommended instead of a single one. It is felt by the majority of Catholics that while they have always responded to every demand and in the most generous way, that the importance of according consideration to the powerful and self-sustaining church of the West has not been duly considered in Rome. The open hostility of the present papal secretary of state, Cardinal Merry del Val, to according honor to Americans, is another cause of dissatisfaction. Cardinal Merry del Val's unfriendliness dates from the Spanish-American war, when his father was Spanish Ambassador to the Vatican.

If you have not received the Argo Red Salmon Cook Book ask your grocer or send a postal card to The Alaska Packers Association, Atlanta, Ga., advertising department.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.

A Criminal Attack

on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It's generally the result of protracted constipation, following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis and establish regular habits of the bowels. 25c at E. S. Leadbeater & Sons' drug store.

FOR OVER SIXTY YEARS,

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act, June 30th, 1906. Serial number 1098.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Except that it is liquid it is in all respects like the healing, helpful, pain-allaying Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray relieves at once and cure is certain. All druggists, 75c, including spraying tube, or mailed by Ely Bros., 56 Warren Street, New York.
